Re: ***Organizational General meeting and election of a new National council of WLCU in Argentina.***

Dear WLCU Leaders in Argentina

It is with a great pleasure that I was informed by the RSG Mr. Juan Saliba of your meeting on April 9, 2011 to elect a new National Council for the WLCU in Argentina. Hoping this meeting will be the beginning of a complete reform of our institution in Argentina.

A reform that is really needed at all levels, from membership drive, to the official registration of every chapter in the WSG, without forgetting the payment of the annual dues, etc etc .

I trust, you will abide by the constitution of the WLCU, and your elections process will conform to its internal regulations. I believe in your will for a change, and your determination to take our Union to a higher level, and to collectively succeed, in performing our duties, in the Rank of the DPI of the United Nations, to better serve our Lebanese Diaspora and our mother country Lebanon.

I will assure you of my full support, and my recognition of your legitimate general meeting and I am ready to help you in any possible way.

Finally, I wish you good luck, and I am waiting to receive your report of the meeting to endorse it.

Yours truly.

Dr Nick Kahwaji
